Trinity Academy Whitehill

Fundraising Newsletter

The Big Project

Dear Parent and Carers,

Welcome to our first Whitehill fundraising newsletter.

Thanks to the support of the trust we have been able to make a number of improvements to the school building and environment which were showcased during our recent ‘Meet the Teacher’ events.

But we don’t want it to stop there! Our next big project is to overhaul and replace our reading books at Whitehill. Last year we made a significant investment in brand new books for our school library. Sadly, this has made our reading books look tired and dated and we need your help to replace them. However, we estimate that the total cost of this replacement is approximately £25,000!

As you may be aware school funding is challenging and school has had to make a number of tough decisions over the last 18 months. The only way that we are going to be able to make this happen is through your help and your support with a number of events over the next year.

We are shortly launching this initiative with our first ‘Grow a pound’ challenge. Details of which can be found on the next page.

This will then be followed by monthly events such as the Christmas Fair, discos and even the opportunity to sponsor staff who will be completing the Yorkshire 3 Peaks Challenge in May! We have a few planned already but please keep your eyes out for further details!

We will send this newsletter out on a half termly basis to keep you up to date with our progress and for further details of upcoming events.

As always, thank you for your support.

Trinity Academy Whitehill

Trinity Academy Whitehill

Dear Parents and carers,

We are excited to launch the **Trinity Academy Whitehill Grow a Pound Challenge**. The challenge will help raise money for our new reading scheme. Our aim is to turn every £1 into at least £10 taking us a long way towards our big target of £25,000!

This exciting challenge encourages children to think creatively, manage money, and work collaboratively to generate profit for a worthy cause and one which they will benefit from!

How the Challenge Works

- The goal is to turn £1 into at least £10 by undertaking a small enterprise or challenge, either individually or in a group.
- Children can use their creativity to produce ideas for their businesses such as baking, selling crafts, or even completing a sponsored silence or run!
- All the money we raise will go towards our new reading scheme.
- The child/group to raise the most money from each year group will win a prize.

As well as helping our school we also hope that this challenge will allow our children to develop their skills such as:

- **Enterprise skills:** Business acumen, budgeting, and profit generation.
- **Creativity:** Developing unique business ideas.
- **Money Management:** Understanding income, expenses, and reinvestment.
- **Teamwork:** Collaborating with friends to achieve a common goal.
- **Resilience:** Learning from experiences and adapting their strategies.

Timeline and Key Dates

- **Launch Date:** Monday 3rd November
- **Challenge Period:** Monday 3rd November – Friday 28th November
- **Money Returned:** Monday 15th December - All £1 loans and profits are returned.

How Can You Help?

- Encourage your child to brainstorm creative ideas for their enterprise.
- Discuss with your child the importance of keeping good records of their spending and income.
- Support your child's efforts by providing a safe and encouraging environment.
- Please note: Children should not approach strangers and must have parental permission before undertaking any activity.

We are looking forward to seeing the children's innovative ideas and celebrating their entrepreneurial spirit.

Many Thanks
